Features

Free-standing wine cooler

This wine cooler is designed to be free-standing.

Internal ventilation

The temperature inside is distributed evenly through out the wine cooler. Preventing hotter / colder zones.

Vibration protection

Vibrations disturb the naturally occurring sediment in wine, which will disturb the natural aging process of wine. Vibrations cause movement which will age wine and cause excessive heat. This Qlima wine cooler is designed to limit vibrations to a minimum so that your wine rests disturbance free.

Electronic display

The unit is equipped with an electronic display which provides clear information and is easy to read.

Interior light

The modern blue interior LED-light is helpful when viewing and selecting from your wine collection. It also make the wine cooler an eye-catcher in your kitchen or living room. The light can easily be switched on/off.

Chrome shelves

The wine cooler is equipped with modern chrome shelves.

Design

The Qlima wine cooler has a high-end stainless steel appearance.
