HOME MADE CLIMATES

FWK 1628 WINE COOLER

Reversible door

Features

Reversible door

The handy reversible door swing enables you to open it from left or right-hand side.

Low vibration

Vibration protection

Vibrations disturb the naturally occurring sediment in wine, which will disturb the natural aging process of wine. Vibrations cause movement which will age wine and cause excessive heat. This Qlima wine cooler is designed to limit vibrations to a minimum so that your wine rests disturbance free.

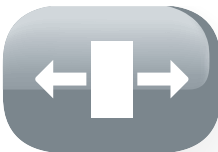

Interior light

Interior light

The modern blue interior LED-light is helpful when viewing and selecting from your wine collection. It also make the wine cooler an eye-catcher in your kitchen or living room.

Free-standing wine cooler

The wine cooler is equipped with modern chrome shelves.

Freestanding

Chrome shelves

The wine cooler is equipped with modern chrome shelves.

Design

The Qlima wine cooler has a high-end stainless steel appearance.
