

FWK 1612

WINE COOLER

Product data sheet

Product range	Wine Cooler
Brand name	Qlima
Model	FWK 1612
EAN code	8713508773674

Technical specifications

Standard bordeaux bottle quantity (750 ml)	bottles	12
Total internal value	L	40
Energy efficiency class		D
Number of zones		2
Power consumption	W	130
Mains voltage	V / Hz / Ph	220-240 ~ / 50 / 1
Current (nom.)	A	1.1
Temperature range int, min-max (zone 1 / zone 2)	°C	8 - 18 / 8 - 18
Compressor / thermo-electric		thermo electric
Number of storage layers		6
Number of shelves		6
Shelf type		chrome
Interior light		Yes
Control		Electronic
Electronic display		Yes
Reversible door		No
Sound power level ***	dB (A)	41
Dimensions (w x d x h)	mm	500 x 500 x 390
Nett weight	kg	17
Protection class	IP	X0
Guarantee	years	2

HOME MADE CLIMATES

FWK 1612 WINE COOLER

No refrigerant

Internal ventilation

Low vibration

Interior light

Anti UV

Features

Internal ventilation

The temperature inside is distributed evenly through out the wine cooler. Preventing hotter / colder zones.

Vibration protection

Vibrations disturb the naturally occurring sediment in wine, which will disturb the natural aging process of wine. Vibrations cause movement which will age wine and cause excessive heat. This Qlima wine cooler is designed to limit vibrations to a minimum so that your wine rests disturbance free.

Electronic display

The unit is equipped with an electronic display which provides clear information and is easy to read.

Interior light

The modern blue interior LED-light is helpful when viewing and selecting from your wine collection. It also make the wine cooler an eye-catcher in your kitchen or living room.

Chrome shelves

The wine cooler is equipped with modern chrome shelves.

Design

The Qlima wine cooler has a high-end stainless steel appearance.

Dual zone

This wine cooler has two temperature compartments, creating the ideal storage environment for both red and white wines. With a dual zone wine cooler you can finally be confident that your wine is stored properly - enhancing the life and flavor of your wine!

UV-protection glass door function

This winecooler is able to block UV light from affecting the stored wine. Sunlight can affect wines so you always want to keep them out of sunlight. With the anti UV light door you don't have to worry anymore and your wine will be perfect.
