## Features

---

**Tip over safety switch:** The tip-over switch will automatically shut the Gas patio heater off when the unit is turning over.

---

**Full colour box:** The unit is delivered completely with auxiliary parts in a full coloured box showing applications and operation information in several languages.

---

**Castors:** For easy movement the Gas patio heater is provided with castors.

---

**High capacity and easy to use:** With a adjustable capacity between 6.3 and 13 kW this heater provides amongs the biggest capacities available in the market.

---

**Comfortable heat:** The "flame" has a large infra red component, which warms your skin in a comfortable and highly efficient way instead of heating up the ambient outdoor environment.

---

**Extra atmosphere by visible flames:**

The glaze of the fire offers comfort and gives a pleasant view.

---

**High efficiency reflector:** Due to the quality engineered top reflector the heat stays where it should be: right where you are.
