Features

Adjustable power

This means fully adjustable power to control the gas and grill nicely your meat. The gas output power is fully adjustable. So you are in control on how to grill your meat or vegetables.

Circulated heat technology

The plancha has a thick metal plate that distributes the heat evenly over the very large cooking surface.

Healthy way of grilling

Since there is no direct contact between the flames and your food, the planche is healthier than using a normal gas or charcoal barbecue. Fat from cooking will drain away and collected in the small grease collector.

High quality product

Shinning enamel coating steel plancha with a stainless steel front panel with black end caps and two stainless steel burners.

Easy to use

The plancha has ergonomic positioned knobs for easy using and a large grill surface so you can grill multiple chunks of meat or vegetables at the same time.

Easy to move

The plancha can be taken everywhere. For even more easy moving there is a trolley available.

Safety

For added safety, the gas cuts off automatically if the flame is blown out.

Number of people

This grill has a large grill surface and is appropriate for 5-6 persons
