

# R 8224S C HEATER

## Product data sheet

Product range	Portable heaters
Product line	Double burner
Brand name	Qlima
Model name	R 8224S C
Colour	Stainless Steel / Black
EAN code	8713508778648

## Technical specifications

Burner type	Double Combustion	
Capacity	kW	2.40
Suitable space	m <sup>2</sup>	16 - 34
	m <sup>3</sup>	40 - 85
Fuel consumption	ltr/hr	0.250
	g/hr	200
Tank capacity	ltr	4.2
Burning time tank	hr	16.8
Battery type (batteries not included)	"C" size x 4	
Dimensions (w x d x h) *	mm	455 x 295 x 495
Weight	kg	9.0
Guarantee **	years	4

\* including base plate

\*\* except ignition coil, manual fuel pump, glass cylinder(s) and wick

## Accessories

Manual fuel pump long

Transportation cap

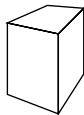

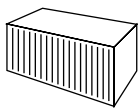

Instructions for use

Fuel filter

Easy touch screw cap

# R 8224S C HEATER

CO<sub>2</sub> sensor

Double combustion system

Removable fuel tank

Automatic tip-over switch

Safety stop

Safe top

Spark Ignition

## Features

---

### CO<sub>2</sub> sensor:

This heater is equipped with a CO<sub>2</sub> sensor. The customer is informed when additional ventilation is required. The heater will be switched off when the room is not ventilated sufficiently.

---

### Unique double combustion system:

This heater is equipped with a double combustion burner. The first fuel combustion occurs in the primary chamber. The secondary chamber burns the exhaust gases at an even higher temperature. This results in a clean combustion without condensation at an efficiency of nearly 100%.

---

### No installation:

This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

---

### High efficiency:

This heater has a 99.99% heat efficiency with infrared radiation heating.

---

### Wick-stop:

The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.

---

### Automatic tip-over switch:

The heater will be shut off automatically when the heater is knocked over.

---

### Safe top:

This heater is equipped with a safe top. The temperature of the top plate is kept relatively low for improved safety.

---

### Safety stop:

This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

---

### Battery cover:

This heater is equipped with a cover for the batteries.

---

### Fuel filter:

Protects the burner system.

---

### Manual fuel siphon pump:

This heater is equipped with a convenient pump to fill the fuel tank.

---

### Spark ignition:

This heater is equipped with a state-of-the-art spark ignition system. Due to the high voltage of the spark the heater is ignited very quick. The spark ignition system is very durable and can be used during the whole lifespan of the heater without any maintenance or replacement of parts.

---
